# There's Fish for All at Nahmint Lodge

Weight 62 lbs.

The big Tye Salmon are true trophy fish, the envy of fishermen everywhere. Nahmint Bay, where Nahmint Fishing Lodge is situated, is the home of the Tye.

Once you hook into one of these fighters you will witness and feel the fishing thrill of a lifetime, and you will talk about it for years to come.

You start fishing the moment you leave the front of the lodge, and you are only 5 minutes run from the lodge at anytime.

Casual clothes are the thing for the relaxed homey atmosphere of the lodge . . . we're all here to fish.
